

Damian Bednarczyk

(630) 870-2448 | Romeoville, IL | damian@bednarczyk.xyz | github.com/dkbednarczyk | bednarczyk.xyz

EDUCATION

Illinois State University
B.S. Computational Mathematics, Minor in Computer Science
• Jesse W. Fell Scholarship recipient
• Relevant coursework: Applied Artificial Intelligence, Deep Learning, Number Theory, Python for Data Science

Expected May 2028
Normal, IL

TECHNICAL SKILLS

Languages: Python, Go, C++

Technologies: Git, Linux, SQLite, Bun, Unreal Engine, Datasmith

PROJECTS

reggie | [GitHub](#)
• Designed and implemented an IRC-inspired chat protocol using SSH-based authentication
• Built a modular plugin system for extensible slash commands and server functionality
• Optimized a single-threaded server to sustain 1,000+ messages per second

Feb 2026 — Present

madr | [GitHub](#) | [Talk](#)
• Reverse engineered a gaming mouse’s USB HID protocol and implemented an open-source configuration library
• Awarded first place at a student-led hackathon

Feb 2026

mup | [Github](#)
• Built a CLI tool for one-command deployment and management of Minecraft servers
• Automated installation and routine server-management tasks
• Reduced initial server setup time to under 10 minutes and supported a community of 20+ players

Jan 2024 — Oct 2025

RESEARCH

VR Building Simulation Research | [Project Site](#)
• Developing VR training and simulation tools for Building Information Modeling (BIM) workflows
• Built an Unreal Engine pipeline for importing Revit models while preserving building metadata and component relationships
• Developed interactive VR tools for inspecting and modifying individual components
• Collaborating with Fresno State University researchers on construction management applications

May 2026 — Present

EXTRACURRICULARS

Sigma Chi Fraternity
• Oversaw day-to-day operations and maintenance for a chapter house of 10+ residents
• Established house policies and shared responsibility procedures

Aug 2025 — Present

Winter Guard International
• Member, Pi Percussion, Open Class WGI ensemble

Nov 2023 — May 2024
